Calculation of Qualifying Score

- In a NORMAL YEAR*, Archers must submit their top four (4) Scores from Archery Canada or World Archery Sanctioned 720 rounds with an average that must exceed the Minimum Qualifying Scores listed below. This has been modified for the 2020-2021 year.
 - Scores may only be entered from events open to all competitors and sanctioned by Archery Manitoba, Archery Canada, or World Archery standards
- In a NORMAL YEAR, there will be a mandatory match play score component to qualify for the team (not included in this year's document)
- The program participation timeline for 2020/2021 has been changed to run from September to September of the following year.
 - The 2020-2021 Team will be from October 5, 2020 to Sept 3, 2021
 - The 2021-2022 Team will be from Sept 3, 2021 to Sept 2, 2022
- As the 2019/2020 team program timeline will be the transition year for the program participation timeline, the qualification period is as follows:
 - For the 2020-2021 team year: July 15, 2019 – October 1, 2020
 - a) Archers who have the required Minimum Qualifying Scores based on last year's outdoor season may use them to join/retain their position on the team.
 - b) Athletes must also fulfill the requirements as outlined in the following section "Qualifying for the 2020-2021 Archery Manitoba Provincial Team". This demonstrates the athlete's continued training and participation with the team practice during this outdoor season as it is too early to determine whether there will be tournaments by the end of the summer for obtaining scores.
 - The 2021-2022 team year will run from Sept 4, 2020 to Sept 3, 2021

* In a NORMAL YEAR, there is no Senior Development Team. For the 2020-2021 year, Seniors may make the development team but will not qualify for funding at 2021 Canadian Outdoor Nationals if they do not meet the Elite Team scores between April and July 31, 2021.

*** Should an athlete in the Junior and Senior age categories have time disputes (post-secondary or work) with meeting an attendance of 80% to provincial practices, the athlete may apply in writing to the Provincial Coach for leniency. The athlete will be expected to meet some criteria as detailed by the Provincial coach on a per case basis to prove that the athlete is meeting a minimal standard of training.
