

Executive Committee Member Nomination Form

Nominee: _____ Aaron Bull _____

Nominator: _____ April Willis _____

Nominator: _____ Brad Hackewich _____

Position: _____ **Secretary** _____

Relevant background and experience:

Aaron has been involved in the sport of archery since childhood where he attended many shoots as a child with his father.

Some noted achievements of Aaron's regarding archery are:

- The organization and set up of the Carberry Archers Club in 2010
 - o This club has continued to operate a youth program each winter
- Chairing the 2015 Canadian 3D Championships
- Chairing the 2019 Canadian 3D Championships

Aaron has served two terms on the Archery Canada board as Vice President of 3D as well as sat on several national and international committees including the Archery Americas 3D and field Committee. Aaron has also served three terms on the Archery Manitoba board including two as the Events Chair and has most recently held the Vice President 3D archery position. Throughout his time in this position he has been required to serve as the Provincial 3D Representative to the Archery Canada 3D Committee, attend indoor and outdoor 3D Tournaments assisting with keeping records of attendees, results and awards. He has also been required to chair the provincial 3D committee meetings.

Aaron would be an exceptional candidate for the position of Secretary. The responsibilities required of him throughout his term as the VP 3D archery and events coordinator, as well as the international and national committees have given him a strong base that would allow him to easily fulfill the requirements of his possible position as secretary. Aaron has done an exceptional job attending and chairing meetings and conference calls for the Manitoba 3D committee which I am a member of. He has also shown the ability to keep proper records and at the most basic stay on top of organizing a committee of members, all the way to organizing national events. Aaron has been a wealth of information to myself, and when required has directed me to others with information.

I believe all of Aaron's prior experience with Archery Manitoba and Archery Canada makes him a wonderful candidate for the position of Secretary for Archery Manitoba.
